Davis is an incredible athlete! He is a respectful and hardworking young man. I always look forward to working with him and appreciate his never quit attitude and work ethic. He always is striving to be a better version of himself. He communicates well with his coaches and teammates and is always eager to learn and ask questions.

He is a team player who always puts others above himself. Our facility and athletes always look forward and enjoy when Davis is training. He makes those around him better. It has been awesome getting to work with him and see the progress he has attained. He is consistent in his training and adheres to what it takes to excel on and off the field.

I am very proud of Davis and am excited to see what the future holds for him and his career!
